

Topup API Documentation

Version: 1

Endpoint: <https://api.topupearn.com/api/v1/>

1. Airtime Recharge

Target API	https://api.topupearn.com/api/v1/recharge/buy_airtime
Request Payload	<pre>{ "network": "MTN", "amount": 200, "phone": "09012345678", "token": "API KEY" }</pre> <p>Network variables: MTN, GLO, 9MOBILE, AIRTEL</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE" }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

2. Print Airtime

Target API	https://api.topupearn.com/api/v1/recharge/print_airtime
Request Payload	<pre>{ "network": "MTN", "quantity": 3, "amount": 200, "token": "API KEY" }</pre> <p>Network variables: MTN, GLO, 9MOBILE, AIRTEL</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "transactionId": "Transaction ID", "epin": [], }</pre>

	<pre>"quantity": 3, "pins": pins, "airtime_id": 1 }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

3. Airtime Print List All

Target API	https://api.topupearn.com/api/v1/API-KEY/get_airtime_list
Request Payload	Get Request
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "result": [] }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

4. Airtime Print Details

Target API	https://api.topupearn.com/api/v1/API-KEY/airtime_id/get_airtime_details
Request Payload	Get Request
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "result": [] }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

	}
--	---

5. Normal Data

Target API	https://api.topupearn.com/api/v1/recharge/buy_data
Request Payload	<pre>{ "network": "mtn_15gb_30days", "amount": 1000, "quantity": "090123456789", "token": "API KEY" }</pre> <p>Network code and amount can be found in the link below https://api.topupearn.com/api/v1/recharge/data_codes</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE" }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

6. SME Data

Target API	https://api.topupearn.com/api/v1/recharge/sme_data
Request Payload	<pre>{ "network": "data_share_5gb", "network_desc": "MTN SME Data", "amount": 1150, "quantity": "090123456789", "token": "API KEY" }</pre> <p>Network code and amount can be found in the link below https://api.topupearn.com/api/v1/recharge/data_codes</p>

Response Successful	{ "status": 1, "message": "MESSAGE" }
Response Error	{ "status": 0, "message": "MESSAGE" }

7. Cable TV IUC Verification

Target API	https://api.topupearn.com/api/v1/recharge/verify_cable
Request Payload	{ "iuc": 01234567, "product_code": "dstv_yanga", "amount": 1000, "token": "API KEY" } Cable TV product codes and amount can be found in the link below https://api.topupearn.com/api/v1/recharge/cable_codes
Response Successful	{ "status": 1, "message": "MESSAGE", "name": "Name of IUC owner" }
Response Error	{ "status": 0, "message": "MESSAGE" }

8. Cable TV Subscription

Target API	https://api.topupearn.com/api/v1/recharge/cable_subscription
Request Payload	{ "iuc": 01234567,

	<pre>"product_code": "dstv_yanga", "amount": 1000, "token": "API KEY" }</pre> <p>Cable TV product codes and amount can be found in the link below https://api.topupearn.com/api/v1/recharge/cable_codes</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE" }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

9. Meter Verification

Target API	https://api.topupearn.com/api/v1/recharge/verify_meter
Request Payload	<pre>{ "meter_number": 01234567, "product": "Ikeja Electricity Distribution Company", "product_code": "ikedc_prepaid_custom", "amount": 1000, "token": "API KEY" }</pre> <p>Electricity product codes can be found in the link below https://api.topupearn.com/api/v1/recharge/electricity_codes</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "amount": 100, "commission": 1.5, "cash_back": 1123.2, "purchase_cost": 100, "name": "Name of meter owner" }</pre>
Response Error	<pre>{ "status": 0,</pre>

	<pre>"message": "MESSAGE" }</pre>
--	-----------------------------------

10. Electricity Subscription

Target API	https://api.topupearn.com/api/v1/recharge/electricity_subscription
Request Payload	<pre>{ "meter_number": 01234567, "product": "Ikeja Electricity Distribution Company", "product_code": "ikedc_prepaid_custom", "amount": 1000, "token": "API KEY" }</pre> <p>Electricity product codes can be found in the link below https://api.topupearn.com/api/v1/recharge/electricity_codes</p>
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "token": 01234567890987654321, "insertedTokenId": 1 }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>

11. Electricity Token List

Target API	https://api.topupearn.com/api/v1/API-KEY/get_token_list
Request Payload	Get Request
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "result": [] }</pre>

Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>
----------------	--

12. Electricity Token Details

Target API	https://api.topupearn.com/api/v1/API-KEY/insertedTokenId/get_electricity_details
Request Payload	Get Request
Response Successful	<pre>{ "status": 1, "message": "MESSAGE", "result": [] }</pre>
Response Error	<pre>{ "status": 0, "message": "MESSAGE" }</pre>
